General Refund

In the case of course overpayments or general accounting error a refund can be provided in discussion with the General Manager.

Credit transfer and Recognition of Prior Learning (RPL)

Credit Transfer (CT)

Credit transfer involves assessing a previously completed course or subject to see if it provides equivalent learning or competency outcomes to those required within your current course of study. It means a student can gain credit for previous study and complete current qualifications more quickly.

The purpose of Credit Transfer is to make it easier for students to move between courses and institutions. This gives people more opportunities to fulfill their potential and respond to changing employment needs.

Credit transfer allows students to count relevant, successfully completed studies at TAFE institutes, accredited private providers, professional organisations or enterprises and universities toward their current course of qualifications. Documents that are to be presented for a credit transfer, must have been awarded within a 5-year period for when the credit is being applied for.

To apply for credit transfer for units of competency, students must send a USI transcript as evidence of successful completion in the first instance. Where units have been successfully completed before 2015 the submission of a certified copy of a qualification with a relevant, associated, statement of attainment showing a competent grade, to Term Training is acceptable. Staff must make every attempt to verify the authenticity of a qualification presented before applying a credit transfer.

Recognition of prior learning (RPL)

Term Training does not offer an RPL process. The electrotechnology industry requires students to gain particular units of competency within a certain timeframe and any relevant units previously attained will be reviewed under the Credit transfer policy.

Course Extension Applications

Students are advised at the time of enrolment that they are provided the opportunity to request an extension of time to complete their studies and associated assessment by one calendar month at a cost of \$100.00. This fee applies to each course the student is enrolled into at any given time. A maximum of two (2) extensions only can be applied to each course enrolment. Once the maximum has been reached no further extension will be approved and the student will be withdrawn from the course. If a student wishes to appeal this decision they can follow the appeals process outlined in this handbook.

Termination may occur if any of the above issues are unresolved or due to a gross breach of the student code. Students have the right to appeal a suspension or termination decision.

Academic misconduct

Term Training does not condone the practice of cheating or plagiarism.

Plagiarism is a form of cheating and occurs when a person presents someone else's work or ideas as their own. It is a very serious issue and can result in dismissal from your course. In today's internet society information is far more accessible and is therefore much easier to plagiarise. However, this also means that plagiarism is easier to detect.

Plagiarism can take several forms. Deliberate plagiarism is where you intentionally copy directly from someone else's work without acknowledging the source and present it as your own. This can occur as a 'word for word' copy or can also be in the form of paraphrasing i.e., putting someone else's ideas into your own words. Reproducing graphics or diagrams in a document without acknowledging the source is also plagiarism.

Accidental plagiarism occurs when a person misunderstands the rules of referencing i.e., acknowledging the source.

Cheating is defined as:

Handing in someone else's work as your own (with or without the original authors knowledge), allowing someone to hand up your work as his or her own, several people writing an assignment and handing up multiple copies, all represented (implicitly or explicitly) as individual work; or using any part of someone else's work without proper acknowledgement.

Academic misconduct means:

Presentation of data with respect to laboratory work, field trips or other work that has been copied, falsified or in other ways obtained improperly; inclusion of material in individual work that has involved significant assistance from another person, where such assistance is not expressly permitted in the relevant Study Guide or Stage outline; providing assistance to a student in the presentation of individual work, where such assistance is not expressly permitted in the relevant Study Guide or Stage outline; falsification or misrepresentation of academic records; plagiarism, as defined above; other actions not covered by the above clauses that may be judged to be acts of academic misconduct.

If your assessor suspects plagiarism, the issue will be addressed with the General Manager of Term Training in the first instance. If it is established that deliberate plagiarism has occurred, the participant will be excluded from further involvement in the course. There will be no refund of fees available to participants who are excluded from a course for plagiarism. If the General

Manager suspects the plagiarism has been genuinely unintentional the participant will be counselled and given the opportunity to resubmit their work. No further instances of plagiarism by that participant will be tolerated.

Complaints and Academic Appeals and Appeals

Term Training aims to provide high quality training and education which will allow students to grow their skills and knowledge. It is committed to implementing an effective complaint resolution procedure that, where possible, are managed quickly, at the local level and with a minimum number of people involved. The resolution process will focus on a rapid re-establishment of good educational working relationships and positive outcomes. The procedures aim to avoid blame and undue investigation.

This policy applies to all students and staff undertaking study or training in courses offered by Term Training. This policy applies to all complaints requiring resolution except those covered under equal opportunity or access and equity.

Complainants can choose to utilise resources outside Term Training to resolve their complaint.

In handling a complaint, whether formal or informal, confidentiality will be maintained to:

- Protect all parties involved in a complaint under the principles of natural justice
- Prevent the possibility of a defamation or other legal action
- Involve the minimum number of people possible

All students and staff are to be informed of the complaint resolution procedures. The focus for resolution will be on issues rather than individuals. Students and staff are to be protected from victimisation. Natural justice principles will be used to ensure procedural fairness.

A complainant has the right to withdraw the complaint at any stage.

If a student is utilising this process, their enrolment must be maintained while the complaints and appeals process is ongoing.

Process

There are two types of complaint: Informal and Formal. Students and Staff may choose either process. Specific procedures for Staff and Student complaints resolution should be referred to as each circumstance indicates.

-Informal complaint

A complaint is considered to be informal when it is made verbally. It is also considered to be informal when it is made in writing and addressed to the person against whom the complaint is being made unless a signed copy of that letter is also sent to the General Manager. An informal complaint will be referred to an appropriate person to assist in an effective and rapid resolution. Resolution of a complaint is to be achieved as quickly as possible, at the local level and with a minimum number of people involved.

-Formal complaint

Students may make a formal complaint by forwarding a signed written complaint to the General Manager of Term Training within one month of the incident. The General Manager will seek an effective and rapid resolution of any complaint.

All parties have a right to confidentiality and privacy, subject to necessary legal responsibilities and the complaint will be forwarded to the most appropriate person (as determined by the General Manager) to assist the effective and rapid resolution of any complaint.

Term Training

At all times, parties to the complaint may be accompanied by an advocate of their choosing, except where that advocate is a legal practitioner. Each party will have opportunity to formally present their case should they wish to do so. Complaints are to be either given directly to the General Manager or posted to 2/7 Enterprise Street, Molendinar, Q 4214.

Academic appeals

All students have the right to make an academic appeal. Where a student is dissatisfied with the assessment of an assignment and/or an examination result, the student should discuss this informally in the first instance with their Trainer.

If the issue cannot be resolved informally, a student may submit a formal academic appeal in writing to the General Manager within twenty (20) working days of receiving the reviewed academic result. The appeal must outline why the student has requested a formal review of the result. The General Manager will seek to resolve a formal academic appeal through the appointment of an independent and impartial trainer to investigate and make a recommendation. All parties involved in any formal academic appeal will be advised of the outcome in writing within twenty (20) working days of the date of the appeal.

If a student's formal academic appeal is successful, the academic result will be amended.

A student, whose formal academic appeal is not upheld by the General Manager, will be advised in writing of the option to either access the appeals procedure or the process for external mediation. Appeals are to be either given directly to the General Manager or posted to 2/7 Enterprise Street, Molendinar, Q 4214.

Appeals process

If a complainant is dissatisfied with the outcome of their formal complaint or academic appeal, they may lodge an appeal. Term Training provides the right of appeal against decisions made following the resolution or completed investigation of a complaint or academic appeal, whether informal or formal or a breach of policy. At all times, parties to the appeal may be accompanied by an advocate of their choosing, except where that advocate is a legal practitioner. Each party will have opportunity to formally present their case should they wish to do so. An appeal must be lodged in writing within twenty (20) working days of the date of notification of the original decision. Any appeal must set out the grounds for the appeal. The General Manager may convene an Appeals Panel to assess the appeal, and act as Chairperson. In addition to the Chair, an Appeals Panel will consist of at least 2 staff from Term Training and not less than 1 student counselor. The appellant will not normally have the right to be present when the Appeals Committee convenes. An appellant will be notified in writing of the outcome of the appeal within twenty working days of the date of lodgment of the appeal. Non-academic appeals do not ordinarily require the convening of an Appeals Panel; however, the General Manager may seek the input of suitably qualified staff that are independent of the grounds of the appeal. The appellant will be notified in writing of the outcome of the appeal outlining the reasons for the decision within twenty working days of the date of lodgment of the appeal. The report will further advise the appellant of their right to access the external mediation process if they are not satisfied with the outcome of their appeal.

External mediation services

Should a complaint or appeal not be resolved using the Term Training complaints, academic appeals and appeals process, then impartial mediation by an external mediator is available. A mediation service recommended by Term Training is the Queensland Training Ombudsman. Contact with the mediator should be initiated by the student in all cases.

If after the services of an external mediator have been accessed and no resolution can be found, either party may contact Term Training on 07 5665 9141 and discuss the outcome further.
